

THE CENTRAL UNIVERSITY OF TECHNOLOGY

Our Symbol

THE MOLECULE

Central University of
Technology, Free State

BLUE

Blue brings life to all that we imagine; calm and clarity to all that we hear; vision in all that we strive to do and sincerity in all that we believe.

RED

Red is the colour of courage, the energy with which we grasp every task or challenge – signifying the region from where we are born.

YELLOW

Yellow gives us light to see the future and the joy we feel as we embrace it.

The molecule symbolises technology, innovation, the future and beyond.

It expresses the unification of collective knowledge, celebrates diversity reflecting the deepening democracy of all CUT stakeholders.

Suspended, the molecule has the freedom to choose its own path, create new paradigms, anticipate the future, challenge the status quo. As the central building block of the physical world, it expresses the energy creation.

This energy, contained within our symbol, is the driving force that is typical of our conviction of Humanity, Dedication, Community, Free Thinking and Clarity in Vision.

THE SHIELD

The shield is our sense of stability, credibility and sustainability – our strength as one.

It is our foundation to leap forward into the future and beyond.
