VISION

By 2030, Central University of Technology, Free State will be a leading African university of technology, shaping the future through innovation.

STRATEGIC OBJECTIVES

- To create a harmonious community conducive to teaching and learning.
- To produce work-ready, entrepreneurial and holistic graduates.
- To develop a strong culture of research and innovation.
- To attract, develop and retain staff as the University's most important asset.
- To build strategic partnerships that contribute to the achievement of the University's goals.
- To ensure institutional sustainability, expand streams of income, and enhance the CUT brand.
- To promote good governance, human rights and social justice.

MISSION STATEMENT

In aspiring to fulfil its vision the reimagined CUT, as a university of technology:

- Delivers high-quality, appropriate Science, Technology, Engineering and Mathematics (STEM) academic programmes, as well as those in Management Sciences, Education and Humanities, supported by applied research
- Engages with the community for mutually beneficial development
- Promotes access with success in attracting potentially successful students, and supporting them to become employable and job-creating graduates

- Attracts and retains high-quality students and expert staff, and supports their development and well-being; and
- Forges strategic partnerships that are mutually beneficial.

INSTITUTIONAL CORE VALUES

The core values of the University are:

- Ubuntu
- Integrity
- Diversity
- Innovation
- Excellence

CUT is the foremost higher education institution in the heartland of South Africa. The University has two campuses – one in Bloemfontein, the judicial capital of South Africa, and one in Welkom, in the heart of the Free State goldfields. The two campuses offer Education opportunities in a number of technological fields, including science, technology, engineering and mathematics (STEM); management sciences; humanities; and education.

The notion of CUT as a leading African University of Technology should be seen against the background of the University's aspiration to be socially relevant and to have a positive impact on the socio-economic conditions of the community it serves.

To be a leading University of Technology in Afrika and recognising the location of the University geographically but also, more importantly, to recognise its location within the matrix of social and economic challenges that the continent faces. It talks to indigenous knowledge, a decolonised curriculum, and distinctively African values such as ubuntu.

LETTER FROM THE ALUMNI PRESIDENT

Dear University Graduates

On behalf of the Alumni Association, I would like to extend my heartfelt congratulations to each and every one of you on the successful completion of your qualifications. This is a momentous occasion, and you should feel incredibly proud of all that you have accomplished.

As an alumnus of this esteemed institution, I can attest to the fact that this university has provided you with a solid foundation of knowledge, skills and experiences that will serve you well in your future endeavours. You have not only gained valuable academic knowledge, but have also developed important life skills, such as time management, critical thinking and problem-solving.

As you embark on the next chapter of your lives, I encourage you to continue to build upon the foundation that you have received. Take the knowledge and skills that you have acquired and use them to make a positive impact in the world. You are the future leaders of our society, and we are confident that you will make a meaningful difference in the lives of others.

Remember that you are now part of a larger community of alumni who have walked the same path that you have. We are here to support you, to celebrate your successes, and to help you navigate the challenges that lie ahead. Please stay in touch with us, as we would love to hear about your accomplishments and experiences. Once again, congratulations on this tremendous achievement. We are proud to call you alumni of this institution, and we wish you all of the best in your future endeavours.

Yours sincerely,

Mbuyiselo Frans
President of the Alumni Association
