

Dear Colleagues and Students

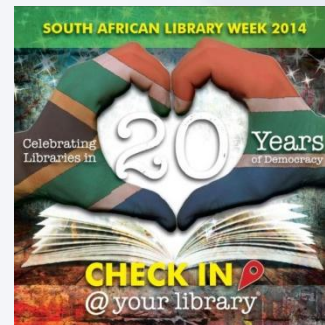

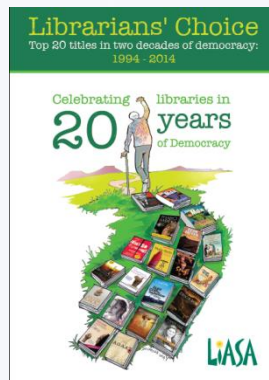

As we come to a close of the first term we would like to share a few photos depicting the major activities of the last three months .

The first term is particularly important, as this is when we welcome new students and staff members and familiarise them with the library and the services we offer. With the library being the nerve centre of academic success, this year's library orientation programme was, as always, meticulously planned and well executed. The month of March is the highlight of any library professional's calendar. It marks the annual celebration of the contribution that libraries have made to society. The theme for this year is *"Celebrating libraries in 20 years of democracy: check in @ your library."*

We would like to thank all students and staff for the support and participation in our events.

Your faithfully

JM Kabamba  
University Librarian
