FOREWORD BY THE REGISTRAR

It is my pleasure to extend a hearty word of welcome to all Central University of Technology, Free State (CUT) students to the 2020 academic year. You must have come here to pursue your goals, and the primary one, I assume, is to learn and finally graduate. Before you get me wrong, learning is not limited to reading. Your holistic personal development goes hand in hand with learning. This means you are encouraged to participate in educational, sporting and many other social activities at CUT. The golden rule, however, is maintaining a healthy balance.

I once saw an acronym: RACE. It is very appropriate and fitting for your circumstances as young people in pursuit of growth. Respect yourself, your family name, authority and all those with whom you will interact. At all times, display a positive Attitude. Co-operate with all those whom you will interact, be it in class, in residences, on the sports field or anywhere, but reserve your right to express your disagreement politely and without fear. Excellence in all your endeavors should be your driving force. Along with RACE, live according to the CUT values of customer service, integrity, diversity, innovation and excellence, in addition to your own family values. Remember, CUT is your home away from home.

Have a wonderful, productive and memorable time at CUT. When in doubt, please ask. We are here to serve you.

Kind regards

**DR N MRWETYANA
