

Privately Owned Student Accommodation (POSA) Notice

The housing options that are currently available to CUT students are divided into two categories, namely on-campus accommodation in residences owned and operated by CUT, Residence Life, and Privately Owned Student Accommodation (POSA), which includes accredited but privately owned rental facilities (communes, apartments, houses and a room). Space for on-campus accommodation exceeds the capacity of the University's residences by far.

In accordance with the University Policy and Procedure accredited Privately Owned Student Accommodation, currently the following are the accredited Privately Owned Student Accommodation and housing services providers in Bloemfontein:
